

The Searo Combination Pneumatic strapping tool is used widely because of its affordability and light weight. The Searo CMV19/25 is recommended for light to medium duty applications. [PET strap](#) as well as [PP strap](#) with a width of 19mm - 25mm is compatible.

Features & Benefits

- Cost Effective
- Affordable to service & maintain
- Welding & Tension regulation capabilities
- Light weight makes it easier to work with for longer periods

Technical Specifications

Model	Searo CMV 19/25
Strapping Material	PET / PP
Strap Thickness	0.6mm, 0.8mm, 0.9mm, 1mm, 1.2mm, 1.3mm
Strap Width	12mm, 13mm, 16mm, 19mm, 25mm
Required Air Pressure	0.5 – 0.7 MPa
Weight	3.8kg
Max Tension Force	3500N
