KEEPING IT ALL TOGETHER

VERTEX OUTFLARE STAPLE GUN

The Dial-a-Flare foam stapler features a contact-trip mechanism that is designed for foam stapling, ensuring quick and easy actuation. This stapler was built for heavy-duty production, delivering the reliability and consistency you need. The single-flare adjustment means less parts and easy bottom-loading means you waste less time reloading. Our tool-steel nose and flare parts are designed for extra durability and resilience.
